

FOR IMMEDIATE RELEASE

Culmen International Celebrates 20 Years of Global Impact

Alexandria, Virginia, November 4th, 2024—Culmen International proudly marks its 20th anniversary! Founded November 4th, 2004, Culmen has established itself as a pivotal player in enhancing international safety and security, optimizing government operations, improving global health, and advancing humanitarian missions.

Throughout the past two decades, Culmen has supported missions for over 100 US Government and United Nations programs in more than 150 countries. The company's diverse portfolio of experience and solutions showcase its ability to make an impact in a rapidly evolving global landscape.

“This exciting milestone is a direct result of the unwavering commitment of our colleagues and partners to our customers and their missions. We look forward the innovative strides we will continue to make together to positively impact the world.” said Dan Berkon, Culmen’s Founder and CEO.

Culmen's journey over the last 20 years reflects its dedication to excellence and its profound impact on a global scale. As we step into our third decade, Culmen International remains committed to its core values and is poised to continue its legacy of helping our customers accomplish critical missions in challenging environments.

About Culmen International

Established in 2004, Culmen International, LLC is an international safety and security organization with more than twenty years’ experience providing exceptional security support to the United States Government (USG). Headquartered in Alexandria, VA, with personnel based in over 40 countries, Culmen is certified under International Organization for Standardization (ISO) 9001:2015 for quality management. Culmen is dedicated to enhancing international security by optimizing government operations and facilitating international collaboration so that customers can accomplish critical missions in challenging environments with constrained resources. The primary sectors that Culmen operates in include: nonproliferation, border and aviation security, security cooperation and international partner capacity building, counter-terrorism and homeland security, military and federal law enforcement operations, global health, international development and humanitarian missions, resulting in the company’s involvement in more than 150 countries. Culmen’s service offerings include program management and technical services, global procurement and logistics, training and language services, and technology development and deployment.
